Approval of Minutes --- reveiwed minutes from last months meeting

Administrative Matters -- The grant fund has not been received as of yet. Last year it was not issued until late September so we expect it within the next few weeks

Office on Youth -- The Board of Supervisors have approved our plan for using the children that need community service. Please see attached document

Planning for 2012 - 2013 -- we really need to make this a point of conversation next meeting. We really liked the impact the orange bags had in the schools, Ron propose we do something within the school for earth day again. Ron found a nice book mark and will show it at the next meeting

Orange Review -- If you haven't seen this weeks paper please stop and get a copy. Sarah published a great article about the OCLCC. Please thank her for her great work. I know she put a lot of time into this and a couple attempts at the drawing board. -- From that article and my visibity in the paper with the kids run a news reporter has contacted Ron and wants to do a special on the committee on Home Town Heroes. We will keep everyone posted.

Recycling at Schools -- We are moving forward with converting the section in the schools containers to office paper. But, with that said we will not be eliminating plastic from the site. I have worked with Public Works and we will be dropping a separate container for plastic at both of the schools. We will also be evaluating the ability to have an office paper bin at LOW. This is still in the planning stage, but it is exciting things in the works.

Household Hazardous Waste Day – Oct 20 (8 – noon). Please see the attached doc about HHW We will discuss volunteer hours for the day at the next meeting but please pencil in the time.

Prescription return -- September 29 10 am - 2 pm -- at the town police department on 249 Blue Ridge Dr
