

# OCPR Outdoor Skills

**Virginia Wildlife  
Identification & Tracking**

Want to know more about the critters that move through your backyard when you're not looking? Sign up for our upcoming OCPR Outdoor Skills class. This class is intended to help give parents and kids the know-how to go on their own backyard adventure and notice the telltale signs of animal activity. In this one day class, we'll introduce students to some of the common wildlife species in Virginia. With fun activities, we'll learn how to identify tracks and develop a better understanding of how animals move through their environment.
