Additionally, teams shall track the utilization and performance of residential placements using data and management reports to develop and implement strategies for returning children placed outside of the Commonwealth, preventing placements, and reducing lengths of stay in residential programs for children who can appropriately and effectively be served in their home, relative's homes, family-like setting, or their community;

“Emergencies” are defined as those crisis situations in which the Case Manager and his/her supervisor, in consultation with the family when possible, are in agreement that the child or youth is in need of immediate placement or the family is in need of immediate services in order to prevent an out-of-home placement of the child, or youth, or in the event of a Family Partnership Meeting. Emergencies shall be addressed in accordance with the following procedures:

1. When an emergency occurs, the Case Manager must contact the FAPT and CSA Coordinator, or their designee, who will initiate the emergency funding request process.
 - a. The Case Manager is responsible for providing the FAPT and CSA Coordinator, via e-mail, all of the necessary information to make an informed decision.
 - b. The CSA Coordinator will contact a member of the Executive Committee.
 - c. The approval of emergency services requires at least two (2) members of the Executive Committee agreeing to requested services.
 - d. The CSA Coordinator will notify the Case Manager immediately of the Executive Committee decision.
 - e. All emergency approved cases will be placed on the next available FAPT and CPMT meeting schedule for a complete review, except that if no FAPT meeting is scheduled within 14 days of the onset of emergency services, a special meeting shall be called within 14 days to ensure that a timely FAPT review may be completed.

2. The CSA Coordinator shall have the authority to approve some services up to \$1,000 per week. The Case Manager shall send an e-mail explaining the situation to the FAPT and CSA Coordinator for informational purposes and documentation in the case file. The types of emergency placements that can be approved by the CSA Coordinator for up to 14 days include, but are not limited to:

- b. Residential Treatment Facility placements that are Medicaid funded that require an immediate removal from their current placement and their behaviors warrant that level of restrictive care.
 - c. New cases requiring a placement in a shelter until an appropriate placement can be determined.
3. A FAPT review must occur within 14 days following the onset of services in an emergency.
 4. If the child/family does not have a Case Manager, the agency taking the emergency action assumes the role of lead agency and assigns a Case Manager until there is a FAPT review.

Fee Assessment

Policy No.: C8

Effective: 08/28/2012
Revised: 01/28/2014
Revised: 01/24/2017
Reviewed: 03/24/2020

To meet the requirements of the § 2.2-5206(3) VA Code Ann. and § 16.1-286 VA Code Ann., and to enhance the partnership with parents, the CPMT has approved procedures for the active involvement of parents and/or other legally responsible parties in the planning, delivery, and financing of services for their children. This legislation calls for parental participation in both the treatment aspects of services and financial responsibility for payment for certain services.

All families accessing **CSA POOL FUNDS** shall be assessed fees for services in accordance with the policies and procedures set forth in the Orange County CSA Parental Co-Pay Policy (Form C8).

When a child or youth is receiving services to be funded, in whole or in part, by CSA Pool Funds, the Case Manager assigned to the child or youth shall determine whether such services are eligible for coverage by private insurance, or by Medicaid. If a child or youth may be eligible for Medicaid, the Case Manager shall ensure that a screening process is conducted. The Case Manager shall subsequently ensure that any eligible child or youth has been enrolled into Medicaid.

(A) Co-Pay Collection Guidelines:

The following guidelines for the Orange CSA parental co-pays shall be followed:

1. Parental co-pay packet will be completed by the parent(s) of the children participating in the Orange County CSA program. The Case Manager assigned to the child or youth will be responsible for the accurate completion of the required financial forms (Form C8).
2. The CSA Coordinator will be responsible for ensuring the forms are turned in prior to or during the child or youth's initial FAPT meeting. Once the completed forms are received, the CSA Coordinator will provide a copy of the forms to the Office on Youth (OOY) Administrative Assistant by the end of the week of the initial FAPT meeting for billing and collection purposes.

3. Upon receipt of the completed forms (Form C8), the Administrative Assistant will send a preliminary letter to the parents of the child(ren) explaining the process for payment of monthly co-pays or meet with them after their initial FAPT meeting. The Administrative Assistant will open a collection file for each family and will retain a copy of all written correspondence with the families in their respective files.
4. Monthly summary reports will be provided to the CSA Coordinator by the Administrative Assistant as documentation of payment on each account.
5. In the event a family is not current on their payment plan, the OOY Administrative Assistant will contact the person responsible for the account and advise them that the co-pay is due immediately and that continued late payments could jeopardize funding for future services. The CSA Coordinator and Case Manager shall be informed of this correspondence via email.
6. In the event an account remains delinquent (30 or more days past due), the Administrative Assistant may begin the collection process through the Orange County Treasurer's Office. Delinquent amounts may be referred to the Individual Set-Off Debt Collection Program administered by the Virginia Department of Taxation (which could result in Virginia Individual Income Tax refunds being used to satisfy the debt to the CPMT), and the CPMT may also pursue other legal remedies available for collection of delinquent amounts.

(B) Request for Requesting Financial Relief:

In the event a parent or legal guardian believes the monthly co-payment is unjust or inappropriate, he/she may file a Request of Financial Relief form (Form C8-R). The following guidelines will be followed for requesting financial relief:

1. The Request for Financial Relief form shall be provided to the CSA Coordinator within five (5) business days of the initial FAPT with all documentation attached.
2. Within seven (7) business days of the receipt of the Financial Relief Request, the CSA Coordinator will review the request along with accompanying documents. The CSA Coordinator will be authorized by the CPMT to enter into negotiations with the parent/guardian(s) for the purpose of resolving the request in a mutually satisfactory manner.
3. Once an agreement is made between the parent and CSA Coordinator, the request will be forwarded to the CPMT for consideration.
 - a. In the event the request is approved, the amount will become due by the 5th of the succeeding month and each month thereafter until the child(ren) and family are no longer receiving services.

- b. In the event the request is denied, the CSA Coordinator will contact the parent/guardian within five (5) business days of the CPMT meeting. At this time, additional documentation may be requested, or a new co-pay amount will be negotiated and resubmitted to the CPMT for consideration.
4. Initial negotiated requests must be discussed in a regular business meeting of the CPMT for each form received. Any subsequent requests may be voted upon and approved through e-mail in order to help resolve the issue in a timely manner.
5. Each family shall be required to pay the minimum payment allowed based on the number of children receiving services. This amount will be based on the lowest co-pay listed under the "Adjusted Annual Income Level" portion of the Parental Co-pay Policy (Form C8, page 05). This amount will be due on the 5th of each month until a regular monthly amount can be established and approved by the CPMT.
6. A Request for Relief form (Form C8-R) will not be reviewed in the event of a change in family income or family composition. Parent/Guardian(s) must complete a new co-pay packet (Form C8) and submit to the CSA Coordinator. Any changes will take effect in the succeeding month of receipt of the new co-pay packet.
7. The decisions of the CPMT will be final and will be presented to the parent/guardian(s) in writing.

Utilization Management and Review

Policy No.: C15

Effective: 11/01/2013
Reviewed: 02/25/2020

The Orange County CSA Utilization Management and Review system is an integrated, multi-agency attempt to provide quality child-centered, family-focused, cost-effective services to at-risk youth and their families in the least restrictive environment.

The system addresses:

- Accountability
- Assessment of appropriate resources
- Utilization of community-based resources prior to CSA funded services
- Service to clients in the least restrictive environment
- Service to clients in the community, as appropriate
- Provision of service coordination and/or case management for all cases
- Development of case rates for appropriate, specialized services
- Development and monitoring appropriate outcome indicators for all cases

The desired outcomes of the Orange CSA system are:

- Improvement in child and family functioning
- Improvement in school performance
- Improve parental self-sufficiency
- Reduction in abuse and neglect
- Reduction in costs
- Reduction in out-of-home placements
- Reduction of out-of-community placements
- Reduction of recidivism

Orange County CSA strives to meet the individual needs of families served through our program. This means utilizing traditional and non-traditional programming as not all children and families respond to the same treatments in the same way. It is important to the teams that each family is involved in service planning and views the services to be both helpful and supportive.

The wrap list and descriptions that follow offers an incomplete guide to facilitate wrap planning. Individualizing services should creatively combine all types of resources for children and families, formal and in-formal, traditional and non-traditional.

Utilization Management and Review Process

Policy No.: C16

Effective: 11/01/2013
Reviewed: 03/24/2020

I. Utilization Management (UM) is a set of steps taken by purchasers of health and human services to manage the provision and cost of services purchased. It begins with the initial case assessment, and includes determining desired outcomes, identification of services required and level of need, recognizing mitigating circumstances, developing a service plan, finding a vendor, plan implementation, review of results and finally adjusting goals and services to address case changes. These steps are summarized as follows:

A. Collect Assessment Data

Assessment material may consist of completed IFSP or Foster Care Plan, an agency social history or comprehensive intake assessment and always includes the CANS. Whatever the instrument, the child's multiple life domains (behavior, school, family, peers, service history, etc.) are assessed.

Responsibility: Case Manager

B. Identify Desired Outcomes

An outcome is a measurable result within a set time frame that is specific, observable and child and family oriented. Both long and short-term outcomes need to be established and should follow logically from assessment data in Step 1.

Responsibility: Case Manager, Child, Family, FAPT

C. Identify Services Needed for Child and Family

Service needs are established by determining what types of activities can be used to achieve the outcomes identified in Step 2.

Responsibility: Case Manager, Child, Family, FAPT

D. Consider Mitigating Circumstances

Determine whether or not any unique and challenging circumstances exist which would justify selecting particular services or placements.

Responsibility: Case Manager, Child, Family, FAPT

E. Finalize the Service Plan

Use all of the collected data and make service placement decisions. An effective CSA service plan:

1. Is child-centered, family-focused, and community based;
2. Is aimed at the least restrictive, most appropriate environment;
3. Is what the family wants; and
4. Is necessary to achieve outcomes – begins step-down/transition planning.

The service plan (IFSP) is written by the FAPT.

Responsibility: Case Manager, Child, Family, FAPT

F. Negotiate Collaboratively with Vendor

Clarify with the vendor the services, needs, and expectations. Consider the situation as a partnership between purchaser, child/family and the vendor. Know what the vendor can offer and purchase the services necessary to meet the desired outcomes.

Responsibility: Case Manager, CSA Coordinator, CPMT

G. Implement Service Plan

Reach final agreement on a comprehensive treatment plan with the vendor.

Responsibility: Case Manager, FAPT Coordinator, CSA Coordinator

Pursuant to § 2.2-5208(5) VA Code Ann., oversight of the utilization management process is provided by the FAPT, subject to review by CPMT pursuant to § 2.2-5206(13) VA Code Ann.

H. Utilization Review (UR) is a formal assessment of the necessity, efficiency, and appropriateness of the services and treatment for an individual. It is used to determine how well a program is achieving the outcomes established for the case it serves.

The elements required in the Utilization Review process and frequencies are determined by the child's current placement in accordance with the state endorsed model. (Appendix F5)

Elements for children are:

1. Verification of date services initiated.
2. Verification of delivery of service(s).
3. Verification of quality of service(s).
4. Progress in meeting identified, specific short-term outcomes and goals in Individual Family Services Plan (IFSP) or the IEP as appropriate.
5. Progress in working toward identified, specific long-range outcomes.
6. Current medication status, as applicable.
7. Educational process.
8. Verification of school attendance.
9. Written materials outlining all modifications vendor has made to IFSP.
10. Current CANS and any other case related documents. (Ex. court orders, foster care plan, IEP, etc.)
11. Participation of family/legal guardian in client interventions and in other services included in the IFSP or the IEP, as appropriate.
12. Strategies to engage families if they are not currently participating.
13. Steps to be taken if progress toward meeting outcomes is not being made. (May include changing services and/or vendors or reconsidering outcomes.)
14. Steps to be taken if outcomes are being met.
 - a. Continue services necessary to meet outcomes and goals.
 - b. Develop plan and time line to transition the child to less restrictive setting.
15. Date for next utilization review.

*The review must be a combination of site visits, telephone calls, and paper reviews.

*The review worksheet (Form C16-A) will help case managers document the completion of their reviews and insure that all required elements are present and receive the required review. This worksheet must be completed quarterly.

*FAPT and CSA Coordinator will maintain a documentation inventory for all necessary paperwork in order to maintain compliance. (Form C16-B)

Responsibility: Case Manager, FAPT Coordinator, CSA Coordinator

I. Update Service Goals

Utilization review should provide information upon which to base adjustments relative to the service plan.

Adjustments may include:

1. Continue to follow the current plan;
2. Change length of time for current service(s) and objective(s);
3. Change service objective(s);
4. Change aspects of the environment;
5. Change placement or provider;
6. Change treatment modality at same level of need.

Responsibility: Case Manager, Parents, FAPT, FAPT Coordinator, and CSA Coordinator

J. CPMT Review of Cases

The Orange County CPMT will review each case on their agenda during their monthly meetings and a review sheet (Form C16-C) will be completed. In the event CPMT has suggestions or questions, a copy of the review form will be returned to the case manager for them to address the comments.

Responsibility: CPMT and CSA Coordinator

Procedure for Collecting Student State Testing Identifiers

Policy No.: C17

Effective: 01/24/2017

Reviewed: 02/25/2020

In a joint memo dated October 29, 2010, the Virginia Department of Education and the Office of Comprehensive services addressed the recording and reporting of students receiving state funded educational services by CSA. Generally, the students educational costs are reported the school division who then reports it to the Virginia Department of Education. The funds associated with the youth receiving the specific services, as listed in the memo (Form C17) and below, are then deducted from the March 31 Average Daily Membership (ADM). The documenting and reporting between agencies prevents double funding of students.

- A. The Orange County CSA Coordinator and CPMT shall follow the general procedures as outlined below:
1. Orange County Public School Referred Youth:
When the Case Manager of a student refers them to CSA, the Case Manager shall ensure that the Student Testing Identifier (STI) number is included on the "Request for FAPT Case Staffing" form.
 2. Other Agency Referred Youth:
In the event a student is referred by an agency other than the Orange County Public School system, the school representative appointed to the CPMT shall provide the students STI upon request from the CSA Coordinator.
 3. Responsibility of the Orange CSA Coordinator:
CPMT authorizes the CSA Coordinator to make available a quarterly report to the school division CPMT representative in order to aid the school division in accurately reporting their CSA funded students and to reconcile their data with the local CSA office.
 4. Coordination of Reporting:
The CSA Coordinator and the school representative on CPMT shall discuss the expenditures related to the students receiving the specific services addressed in the joint memo and below. This shall be done when the school division is ready to reconcile their Spring Student Record Collection (SRC) in order to assure accuracy of reporting information and to address any discrepancies that may be recorded by either agency.

B. Required Information & Services to be Recorded:

The CSA Coordinator shall collect and maintain a secure, confidential record of the information below in the CSA reporting software used for the Orange County CSA Program.

1. State Student Testing Identification number (STI)
2. Student Name
3. Service Placement Type (SPT)
 - a. SPT 6 for Special Education Private Day, or
 - b. SPT 17 for Congregate (Private Residential) Education Services for Medicaid funded placements, or
 - c. SPT 18 for Congregate (Private Residential) Education Services for Non-Medicaid funded placements

SUBJECT: Joint Memorandum Regarding the March 31 Student Record
Collection and
Reporting Students Funded through the Comprehensive
Services Act

Beginning in fiscal year 2006, the Department of Education (DOE) began identifying students funded through the Comprehensive Services Act (CSA) on the March 31 Average Daily Membership (ADM) data collection. Students for whom the state share of tuition to a private special education program was funded by CSA were deducted from the funded March 31 ADM total to avoid double funding of these students. Beginning with the March 31, 2010, Spring Student Record Collection (Spring SRC), DOE began receiving division-level data from the Office of Comprehensive Services (OCS) to compare to student data reported by school divisions on the Spring SRC. To do this, DOE received data from OCS indicating the number of students for whom private educational services (i.e., private residential or private day services) were funded by CSA in each locality through the end of the second quarter of fiscal year 2010. While this information did not provide complete data for a full school year, it did provide

good proxy data to compare with data reported on the Spring SRC in order to monitor possible double funding of students.

Based on a DOE review of the CSA data and the data reported by school divisions, a determination was made that some CSA funded students were not being reported and deducted from March 31 ADM. To reconcile the data for fiscal year 2010, DOE e-mailed the data provided by OCS and the CSA funded student data as reported by school divisions on the Spring SRC to each school division, and requested that divisions review the information and either provide explanations to DOE on the variance or resubmit their Spring SRC with corrections. Each division did provide an explanation of the remaining variances; however, school divisions and local CSA offices reported difficulty accessing the data necessary to reconcile their differences.

Department of Education and School Division Responsibilities:

In order to help school divisions accurately report their CSA funded students and to reconcile their data with local CSA offices, divisions will be required to provide additional data to OCS. Beginning with the 2010-2011 school year, the school division representative to the Community Policy and Management Team (CPMT) will be responsible for providing the student State Testing Identifier (STI) to the CPMT, which will then be responsible for maintaining a database of these STIs along with the services the student received at the time of authorization for funding of services. Also beginning with the 2010-2011 school year, DOE will add an additional page to the Spring SRC Finance verification report detailing the number of CSA private school tuition funded students reported by the school division and the number reported by CSA. School divisions will be asked to review this data and provide a written explanation for any significant variances between the two data sets.

At the point divisions are ready to reconcile their Spring SRC and CSA data, please contact your local CSA office and compare the data variances (using the STIs) between the two data sets. DOE will sponsor a webinar on this process closer to the opening of the Spring SRC. Until then, please provide the STIs as requested by your local CPMT.

Additional information is provided below from the Office of Comprehensive Services to the local CSA offices for maintaining the STIs and assisting school divisions in reconciling the requested data.

Comprehensive Services Act and Community Policy and Management Team Responsibilities:

As stated above, DOE has requested that the Student State Testing Identifier (STI) number be collected for CSA funded students receiving congregate care education services, either Medicaid or Non-Medicaid, and/or any student receiving private day education services.

Since the STI is assigned by the school system, it will be the responsibility for the school division representative to the Community Policy and Management Team (CPMT) to provide this

identification for any student whose state share of tuition is paid by CSA. The STI is to be collected for any student receiving CSA funded private day or congregate care education services for each school year, beginning with the FY 2011 program year (services beginning July 1, 2010, and ending June 30, 2011). Each individual CPMT should develop a specific procedure locally for the collection and maintenance of this information. The information is to be maintained by the CPMT and made available to the school divisions as requested.

The listing should contain the following information:

1. State Student Testing Identification number
2. Student Name
3. Service Placement Type (SPT)
 - a. SPT 6 for Special Education Private Day, or
 - b. SPT 17 for Congregate (Private Residential) Education Services for Medicaid funded placements, or
 - c. SPT 18 for Congregate (Private Residential) Education Services for Non-Medicaid funded placements

The information listed above in items one through three should be securely maintained as a confidential student record. Please note, the STI number will not be collected by OCS in the CSA data set.

Questions regarding the student record collection data elements should be directed to the DOE Education Information Management Office at (804) 225-2099 or ResultsHelp@doe.virginia.gov. Any questions regarding CSA responsibilities should be directed to Charles Savage at the Office of Comprehensive Services at (804) 662-9818, or Charles.SavaRecii,dss.virginia.gov.
