A. FAPT Members Responsibilities

1. All team members will attend and participate in the FAPT meetings. If any team member cannot attend a regularly scheduled meeting, the approved alternate from the same agency will, if possible, attend the meeting.
2. Team members will serve as a liaison to facilitate the exchange of information between the FAPT and his/her agency. This includes providing agency information to the FAPT and providing pertinent information from the FAPT to pertinent staff in his/her agency.
3. To facilitate this information exchange, team members will research agency records to determine whether their agency has any pertinent information about the case to be staffed. If pertinent information is discovered, the team member will bring the information to the meeting and share it with the team or, if unable to attend the meeting, will provide the information to their replacement or to another team member.
4. If his/her agency is responsible for following-up with any of the FAPT recommendations, the team member will be responsible for making sure someone from his/her agency is assigned to do the follow-up and is responsible for reporting back to the Case Manager and/or FAPT about the status of the recommendation.
5. All team members are responsible for keeping any information exchanged at a FAPT meeting confidential and all team members will sign a Confidentiality Agreement annually.
6. Team members will participate as representatives of their agency and will act according to, and within, the guidelines of their agency.
7. All new members will participate in an orientation which will include a review of policies, procedures and guidelines.

B. FAPT Duties

Pursuant to § 2.2-5208 VA Code Ann., the FAPT shall assess the strengths and needs of troubled children, youths and families who are screened and determined by the lead agency as appropriate for referral primarily using the eligibility criteria set forth in § 2.2-5212 VA Code Ann and FAPT Policy F7. The agency making the referral will be considered the lead agency. The team will identify and determine the compliment of services required to meet the unique needs of each referral.

1. Review referrals of children, youths and families referred to the team.

2. Encourage family participation in all aspects of assessment, planning and implementation of services.
3. Review the IFSP which has been submitted by the Case Manager prior to staffing and develop outcomes for the child, or youth, and family.
4. Refer the child, or youth, and family to community agencies and resources in accordance with the IFSP.

6. Designate the Case Manager as being responsible for monitoring and reporting on the progress being made in fulfilling the IFSP and for ensuring that reviews by the team are scheduled.
7. Designate Team member and alternate to take notes of all FAPT meetings.

C. Extent of FAPT Authority

The FAPT will have the authority to review the service needs of children, youths and families who are referred. When integrating the development of an IFSP with the service plan of a child or youth who is receiving services, the following considerations must be applied:

1. The IFSP and the IEP

The Individualized Education Plan (IEP) is developed in accordance with the right of the child or youth to receive a Free and Appropriate Public Education, as defined by federal statute and regulation. The services identified by the IEP team must be provided to the child or youth. Local policies governing access to the CSA pool funds by the eligible populations will ensure access to funds for students whose IEP's call for services that must be funded through the CSA pool funds. While the FAPT recommendations may be incorporated in the IFSP, State and federal requirements for IEPs must still be met.

2. The IFSP and the Court

In any matter appropriately before a Court wherein the FAPT has recommended a level of treatment and services needed by the child, or youth, and family, the court may make such other disposition as is authorized or required by law, and services ordered pursuant to such disposition may qualify for funding from the pool under § 2.2-5211 VA Code Ann.

3. The IFSP and the Foster Care Plan

The Foster Care Service plan is developed in accordance with § 16.1-281 VA Code Ann. The Foster Care Service Plan provides safeguards to ensure that a permanent plan is developed for every child or youth in foster care. Local policies governing access to CSA pool funds by the eligible populations will ensure access to funds for children or youths in foster care whose Foster Care Service Plan calls for services that must be funded through the CSA pool fund. While the FAPT recommendations may be incorporated in the IFSP, State and federal requirements for service plans must still be met.

The FAPT brings to all its deliberations the philosophy of the CSA. Accordingly, the recommendations of the FAPT should be implemented. FAPT recommendations for services by specific agencies must be consistent with those agencies' mandates. FAPT procedures and recommendations cannot supersede State or federal statutes. The IFSP is legally binding to the extent the FAPT has offered specific services to the child or youth in connection with the IFSP.

The FAPT is obligated to authorize such services, to the extent feasible. If the child, youth, or parents fails to cooperate in obtaining such services, the FAPT cannot compel such cooperation.

Parent Participation

Policy No.: F11

Effective: 08/28/2012

Reviewed: 03/24/2020

Families are to be fully involved in planning for their children whenever possible. Except where there are extenuating circumstances, meetings should not be conducted unless at least one parent is present. When the business of FAPT is conducted without a parent present, a Parental Letter of Participation (Form F11-A) shall be noted in the FAPT Case Notes and will be included in the child's case file. The child's parent should be notified early enough to ensure that they will have an opportunity to attend the meeting. If the parent indicates a desire to attend the meeting, efforts should be made to schedule the meeting at a time and place the parent can attend.

▪ **Parent Rights**

The parent of a child staffed by the FAPT, upon request, shall be afforded an opportunity to inspect and review FAPT records addressing the assessment, planning and implementation of services (unless otherwise prohibited by law). If the parent believes that information in a record is incomplete, inaccurate or not pertinent, not timely nor necessary to be retained, the parent may request the FAPT to amend the record pursuant to § 2.2-3806(5) VA Code Ann. If the request is not granted, the parent may file a statement, which shall be made part of the record. (Form F11-B)

▪ **Parent Procedures**

1. Families are to be encouraged to participate fully in FAPT meetings. Persons with parental rights and persons with legal custody must be notified and invited to attend meetings. Others may be invited at the discretion of the parent(s) and other FAPT members. The parent(s) and/or Case Manager may invite other family members, support persons, or other persons who have information to contribute to the FAPT review. Although a child or youth may ask for services through people other than their parents (e.g., Case Manager, therapist, Guardian ad Litem), a parent with legal custody may decide whether their minor child will attend the meeting. *A child or youth who has reached the age of majority (18 years of age) may choose whether his parents attend the meetings, provided that the IFSP does not contemplate participation by the parents.
2. Case Managers are responsible for notifying families of FAPT meetings. Documentation of the efforts made to involve family members must be included as a record of the case file.
3. In order to participate meaningfully in a team review, the family members must have adequate information about resources and services. Family members will have the opportunity to ask questions and request information from other team members about all services discussed. (Form F11-C)

4. Reasonable accommodation shall be provided pursuant to the Americans with Disabilities Act of 1990, 42 U.S.C. §12101, *et seq.* For example, reasonable accommodation will be provided for family members who are not proficient in English or who are deaf or hard of hearing. Any individual requesting reasonable accommodation must provide sufficient advance notice of the reasonable accommodation required. The lead agency that has been identified as providing case management services to the family will be responsible for arranging and paying for reasonable accommodation while following local agency policies and procedures. The FAPT meeting may be postponed if reasonable accommodation cannot be obtained.
5. A parent or legal guardian will sign the IFSP. When present, the child or youth involved will also sign. The IFSP cannot be implemented without the consenting signature of a custodial parent and/or agency or individual legally serving in the place of the parent, unless otherwise ordered by the court, upheld by the appropriate appeals process, or authorized by law, or where a child or youth over the age of 14 exercises his or her right to treatment without parental consent. The lack of a consenting signature of a parent on an IFSP will not interfere with procedures to provide immediate access to funds for emergency services.
6. The family has the right to record the FAPT meeting in which relates to their child/family by electronic recording or by transcript at their own expense. The family must give the Case Manager sufficient notice of their intent to record the meeting so that the Case Manager may determine if there is a need for the FAPT to make a recording of the proceedings and to arrange for appropriate equipment.
7. FAPT meetings are anticipated to be conducted in a spirit of partnership and collaboration. There may, however, be situations where, because of significant disagreement, a parent/family member wishes to bring an attorney to the FAPT meeting. In such a case, the following procedures will apply: The County Attorney or other attorney representing DSS must also be present at the meeting. The FAPT Coordinator will postpone the meeting until the County Attorney or other attorney representing DSS can be present. The attorney for the parent shall have no greater right to participate in the FAPT meeting than the parent would otherwise have. There shall be no deviation from the normal process of the FAPT meeting due to the presence of an attorney or any other invited participant. The FAPT meeting is not investigative for adversarial purposes. An attorney may not use the meeting as a contested hearing or as a forum for cross-examination.
8. Any parent or guardian dissatisfied with the action of the FAPT may, within 30 days of the FAPT decision, file a written request for review of the FAPT action by the CPMT pursuant to the procedures set forth in CPMT Policy C10. The CPMT will hold a review within 45 calendar days of the day the CPMT received the written request. The CPMT may uphold or alter the FAPT decision and the CPMT decision is final and binding. The CSA Coordinator will send a written notice to the parent/guardian advising them of the CPMT decision.
9. This review process shall not take the place of any other review process pursuant to existing State or federal law.
