

15 year-old Chris Scott recently spearheaded an ambitious community service project on behalf of the Orange County Animal Shelter. A member of BSA Troop 165, he is a Life Scout working towards the rank of Eagle Scout.

Chris researched building codes, obtained the necessary supplies and organized a group of sixteen volunteers to build a run-in shed for the Animal Shelter's livestock area. In addition to his fellow Scouts, adult volunteers included a retired builder, two architects and two engineers.

The residents and staff of the Orange County Animal Shelter wish to extend our gratitude to Chris for his hard work and dedication. He is a motivated, mature young man and a true example to his peers!

Many heartfelt thanks to Andy Scott, Renee Scott, Randy Roush, Casey Roush, Steve Donohue, Kathy Donohue, Kyle Donohue, Josh Donohue, Karen Lovas, Eric Lovas, Nick Sosik, Craig Pritchett, Lil Githens, Zach Pritchett, Chris Conrad and Daniel Dobyns without whom this project would not have been possible. Your kindness and tireless energy are greatly appreciated!

Thanks also to Stock Building Supply for donating the bulk of the building materials and to Coldwell Banker Elite for their financial support.

Respectfully,

Elizabeth Hamilton

Director, OCAS
