

Virginia Conservation Assistance Program (VCAP) Informational Workshop

Orange County Public Works (235 Warren St. Orange, Va. 22960)

January 26, 2023

10:00 am to 12:00 pm

The Culpeper Soil and Water Conservation District provides technical, educational and financial assistance to homeowners, businesses and local government to address problems with erosion, drainage and vegetative cover. Financial assistance can be provided through the Virginia Conservation Assistance Program (VCAP) which is a cost share program that reimburses participants up to 80% of the cost of installing eligible conservation practices that address erosion, drainage, land cover and stormwater management.

Attend a free 2-hour workshop to explore the opportunities available for addressing stormwater and landscaping problems. Open to contractors, conservation partners and the public.

Topics:

- What is VCAP and Why is VCAP Needed?
- Where is VCAP Eligible?
- When is VCAP Appropriate?
- How to Apply for Funding Assistance?
- How to Design Practices?
- Example Projects: Case-Studies
- Questions and Answers

RSVP: Contact the District at 540-825-8591 or email richardj@culpeperswcd.org
